Type of Contract

Design & Build

Description

Keele Park Developments Ltd awarded Pochin (Contractors) Ltd this £5 million Design & Build contract as the final phase of four bespoke buildings at Keele University Campus. The building consisted of a masonry and cladding facade to a very high specification.

The building was fully fitted out and incorporated Medical Laboratories including clean rooms and fitted laboratory furniture. The building is fully air conditioned with sophisticated mechanical and electrical services to facilitate each of the incubator units.

Value

£5.59m

Contract Period

52 weeks (eot 0) Oct 03 - Oct 04
