

Mere Golf & Country Club

Description

Mere Golf and Country Club, located off the A556, the site is a golf club and existing spa facility.

The existing squash courts are to be removed and extended to become a spa facility. Existing spa and conference facility to be demolished and 81 bed hotel to be built.

Traditional foundations, block and facing brick walls with slate roof all to match existing. 5 star quality.

The bedrooms will be created including 67 double rooms with en-suite bathrooms; a number of suites and golf specific rooms and suites with lounge areas.

The conference facilities are being refurbished in the existing building and the main atrium will be fit out.
